

page . . 1

This is a copy of a lecture given by DR. BHAGAT SINGH THIND  
on July 20, 1959 . . . taken from a cassette recording .

TITLE : RE-INCARNATION -- A SCIENTIFIC FACT.  
YOU HAVE LIVED BEFORE - and you can recall.

Is our soul blind from a lesser state of truth - into higher states of TRUTH? How do human beings remain the same - in a changing world? So what is it that re-incarnates inside of us? What is it that comes.. that which never comes.. & that which always remains the same?

I hope that you will understand this, the way I am giving it and I will do my level best.

We call God 'PARAMATMA (Supreme God - SOUL ) The Hindu words are more to the point, scientific; like the American terms are exact (mechanical)- the Hindu words (spiritual words are very exact, scientific. PARAMATMA... Supreme Form of the Universe. Some people call it the Absolute, the Infinite, and that is what it is, the FORMLESS, it is of such a God that the Bible speaks of. No man has seen the Lord, the INFINITE is FORMLESS. And we human beings are for-full human beings, limited, finite: some people think it is impossible to know God. That's why God puts Himself inside you, inside us, in our own person. He is the Person of our person, the Soul of our soul, the Being of our being & this thing is called ATMA. I think that it is in this ATMA that the Christian world calls "CHRIST". About the CHRIST - the ATMA, - the Bible speaks "I am the ALPHA & the OMEGA", the beginning & the end. Now what does it mean in simple language, in American language? " In ME, the soul begins (human soul)..in ME the soul grows, in ME the soul matures & in ME it is completed, not made higher, but completed.

So what is the soul for which we are seeking? Whether we live again or not? This is as in the ancient times in the Bible, mine too. The same statement, "If a man dieth, shall he live again"? We never die as long as God lives! No one dies as long as God lives & God always lives. NO ONE DIES. God is the Life of our life, the Being of our being, Soul of our soul and this BEING is called "CHRIST".. of which the Bible again says "The Pure in heart shall see God". Such is this complete Being - it is present in us all of the time!

Learn from the scriptures, learn to meditate. "He walks with me & He talks with me & He tells me that I am His own..& the voice I hear as I tarry there, no other has ever known". (Christian song & true). Such a Being is available inside. The poet is right.. it is not a dead Jesus that walks with you- it is the EVERLASTING BEING, the Christ, the Atma, the full BEING of your heart. And who are you? You are SHIVA - means 'little fellow', the ego, your ego..your ego is the president of your total being that is ignorant.! Our ego is embodied & comes in contact with the outside world. It lives on the surface, but when death stares him in the face, he's frightened.

"Am I going to live again"? I think this is the reason why older people keep singing about Jesus -"C Jesus I am yours" - no one else will have you I am sure. I am certain when death is looking you in the face, & the bones are rattling, & the end is not very far.. it frightens the daylight out of you. So this ego ought to know."do I live again"? Ego never dies, it is a child of God, it cannot die! Child of the Eternal never dies or could it be destroyed. BUT what happens to it? Our ego grows thru experience.. it takes a 'form' & needs a form to grow thru.

Let's see how we are going to do it ?

page .. 2

Re-incarnation

IF this age could know this deeper meaning inside , learn to know it, abide in it & live in it - then death would be no more!

"Change & decay all around I see, thou who changest not abide in me". So this full BEING inside us, reigns always & those who know this full Being - for them there are no more incarnations. For all others there is coming & going. How do we go around this human state? (Quoting scriptures). There are of all beings.. 8,400,000 species of beings. The soul of man - must go thru all these lower forms & arrives at the human state, which is, the noblest & highest of all the manifestations of God, the human being is the highest. Our bodies are evolved from the lower beings. There is the LAW OF CONTINUITY ! There are (3) LAWS working all the time !

Even there are humans who act below the human state; they live sub-human lives..... for them, there is coming & going.

That is why the statement in the Bible teaches us.. "To him that overcometh, I shall make him a pillar of power & he shall come in & go out no more." This coming in & going out is what the Hindus call - AWAGAWAN . AWA - means coming; GAWAN means going. This coming & going seizes us because the soul cannot realize all its experiences in one short life. ALL our experiences -- it is the very LIFE - of this form itself!

At most I could live a hundred years in perfect health. I hope I live that long. But, what is a hundred years - just a drop in the life of the soul! As I am getting older in years - I look back: these 70 years seem like yesterday. There are so many things yet, in my soul - unfulfilled. THAT is WHY we NEED the BODY.. we are seeking fulfillment in one short life & it doesn't give you that. So human beings are evolved from lower beings. These ideas shock the western people, that humans have something in common with the beast, yet that is a fact! Our life IS mostly beast-like here. VERY FEW HUMAN BEINGS ACT LIKE - HUMAN BEINGS.

# 1 .. The LAW of CONTINUITY

IF I am the same body that I once was - yet I was a boy, a young man, a matured man: now look at my beard snow-white. I'm in the afternoon of my life, nearly 5-6 o'clock & some day the night will be on this too, again. Will that be my end? NO! Meditation reveals it.. the REAL man goes on. As the snake casts away its skin - but still it is every bit the same snake. No man, by dying, becomes less: he is the same, but he does NOT BECOME a God- or an angel.. he is the same stinker that he was here. ALL THINGS must be made here - all decisions must be faced here consciously! His conscious decisions for higher thinking & his assessment of them IS VERY IMPORTANT! And his conscious conclusions from these conclusions is VERY IMPORTANT! The RIGHT CONCEPT will take away the wrong one.

I don't become another man, I am still the same man. This consciousness persists in the man when he meditates..- that the soul never dies . THIS .. is the 1-st LAW of CONTINUITY .

Man has many coats - they get old.. but the soul never dies .

But I must continue. PROOF is in meditation..there is no other proof. We'll show you how to meditate - you too will know then . You will find deeper depths inside of you.

My grandfather died at the age of 134. Ninety days before he died - he told my father, his eldest son, the exact moment & hour he would leave his body. There were over 250 people there (family & friends) in my fathers mansion (beautiful home). It was in a big room in this home, my grandfather sat on a nice small table; dressed in white.... eyes shining, his face lighted in full consciousness.

page .. 3

Re-incarnation

He gave us a wonderful discourse-how life had been a great feast for him. He said "let no one sorrow - I've become richer"...he closed his eyes & in less than 2 minutes, he had left the body... I heard the silver cord snap. He had left his body - AT WILL !

So for the man who knows meditation, for him there is no despondency.. others are helpless.."O Doc. am I going to die ?.don't tell me".

Doc. "You've been here 80-90 years -- go now -- beat it".

A few more years will not make a darn bit of difference here. IF you have not learned HOW TO LIVE in 80 years - a few more years, you won't make it. There is a frantic fear of death - but the 'soul' does not fear.

"Somebody rising from the grave".. you never saw somebody rising from the grave: you can sit in the grave yard till dooms day - you'll not see a spook walking out of it ! RIGHT ?

LEARN HOW - to walk out of your body.. separate your soul from all that is perishable.. & you'll BE FIND the imperishable God LIVES inside you ! "Father has granted me the power to lay down this body & to take it up again at will." Jesus said.

This is the 2-d LAW.... LAW of ASSOCIATION

Can you keep the same relationship with people all the time ? In a changing world - can you? Do ships sailing together - keeping the same goal-will they keep abreast of each other? One ship is anchored - one going east & the other going west - will they meet ? Circumstances change our location. Too hot, I took the coat off: too cool, I button it closer. That's the way circumstances change us. So we can't love all the people all of the time! They come into your life to make contributions.. there is parting..then you meet again. Emerson was right when he said "Hearts are dust, hearts love remain - hearts love will meet thee again".

Like that woman - her husband died: they always fought like cats & dogs. So she wrote on his grave stone..REST IN PEACE UNTIL WE MEET AGAIN. Then the whole business will start again.

Question: "shall I meet my wife?" Which wife..7-th..8-th wife?

If all the husbands met their wives at the same time - heaven will be turned into hell won't it ?

Love can turn into hatred & hatred into love again.. we get tired of them & no longer have relationships with them. Re-incarnating - you will never remain the same.. as the wife, the husband, daughter or sister-relationship.. it keeps changing all the time... personality MUST CHANGE.

Make hay while the sun shines - GROW with your associations that you have now ! GROW in your relationship you have with your husband, your wife, your kids, your in-laws, your out-laws:..whatever relationship you have now... remember .. ALL ARE BLESSED... they are means for you to grow thru !

Then comes... # 3 LAW OF RELATIVITY

ALL THINGS - all these things are TRUE... & they are all relative !

For just one short life - no just God could boil your bones in hell & turn your bones into soups - to feed the saints in heaven. Right please ?

Such a God would be an unjust God. So you shall not be dead always when you are dead. You should not be alive always -- these periods alternate always ! High tide - low tide - waking & sleeping - etc.

So these ( 3 ) LAWS .. govern your life of evil !

Now a TRUTH is known by ( 3 ) ways. And unless the three ways are present ..... A TRUTH WILL NOT BE KNOWN as SPIRITUAL !

page .. 4

Re-incarnation

1-st.. that a TRUTH must be in line with Natures LAWS. That's the 1-st. It must be rational according to nature.

My daughter when she was little, she is grown up now & the mother of two children. I remember the apricot tree was blooming, she was small & little then; her mother took our picture which I value very much. I ask her, that day "Rosalind is this tree the same as it was last year sweetheart?" ans. "It is the same, yet it is not the same". DR. "What is the same & what is not the same, & yet the same?" Ros. "The branches are new, you trimmed them last time, the leaves are new, the blossoms are new & the fruit will be new: but the main branches & trunk seem to be the same, yet they are not the same because they have grown bigger." DR. "What is the way with human life sweetheart". "Our bodies perish - they are like the leaves, they draw from the tree too..then the branches wither away too. But the heart - soul -& God are all PARTS of them - they come back again."

A poem that left a marvelous impression on me when I was a boy, I've never forgotten it. Quoted in Hindi, translated. In the beautiful summer, the garden holds thousands of roses, men, women, boys & girls admiring them & the nightingale singing too. The poet is so happy picturing this grandness, ah he is so happy, The same poet comes back in the fall & then in the winter. No leaf, no flowers - nothing but frost & snow.. no men, boys, girls around there at all.. just bare branches sticking up. And the poet laments... "A rose was so grand last summer - are you gone forever? One rose talks to the poet..."stop lamenting, I'm gone but not dead - I've gone deeper into the soil to balance it from an experience in my own heart & character - so when the next spring comes, I shall manifest myself better than ever & before". "Life is like that sweetheart.. when comes the spring, the summer, the fall & winter - what makes you think that you will be dead always?"

It is very silly to think that when you are dead you're dead until somebody toots the horn (nobody knows what he is) & when he toots the horn, then all these skeletons will be rising out of the grave. And God will be giving some hell & some heaven & the whole show will be over! You must be insane to interpret scriptures that low.... perfectly wacky.

So this is RATIONAL..which is in harmony with NATURES LAWS. ALL is a part of nature! Mans' life is natural! Natural man is that. He has an ego it alternates between so-called life & death states.

2-nd. Other examples. If I am the only man who believes these things.. I must be crazy! But there are thousands more, other mature, integrated beings. There never was a time when I wasn't - & there never will be a time when I won't be! YES, GOD is EVERLASTING!

3-d .. must be my own experiences

As long as I don't see it with my own spiritual eye - the TRUTH about myself.. experience it..verify it.. I won't take the word of a dead saviour for granted. THAT is the beauty of this SPIRITUAL SCIENCE! Lets see - we discuss all these... how many of you have followed me so far ?

Benjamin Franklin was not only a great American, printer.. but one of the GREATS of our time, who eloquently recorded this epitaph before he died.

"The body of Benjamin Franklin, printer, (Like the cover of an old book, Its contents torn out, and stripped of its lettering & gilding) Lies here, food for worms! But the work shall not be lost, For it will, as he believed, appear once more - In a new and beautiful edition.. Revised and corrected By the Author!" "With this I offer my life to God, the Father". He ascends into larger .. into higher life.

page .. 5

Re-incarnation

Hindus have no word for DEATH. When a Hindu dies, they do not say that he has died, or is dead - but-"by dying he has become nobler than he was". The body is dead but the character he earned here, is way deep inside, absorbed. After a period, he comes back a nobler, nicer man - a human being functioning on higher levels.. like a Lincoln, a Gandhi, a Nehru, a Socrates... remember that, & you will find these men everywhere. The experiencer - only got richer by experience, & this world offers you all these things.

I'm giving you one more. It is not only Hindus that believe TRUTH is TRUTH anywhere it is found.. there are great ones in all countries.

Henry Ford was one of the GREATS. He was a simple man. I met him 2-3 times, he lived on simple foods. High living & low thinking always go together. It is simple living & high thinking that always follow each other. He was interviewed by a great Catholic (gave name, sounded like Jedi Krueger). Quoting Henry Ford.. "I adopted the theory of re-incarnation when I was 26: Religion offers nothing to the point, at least I was unable to discover it. It offered me nothing; it doesn't tell you where you came from - it doesn't tell you where you are going, its theories are very strange."

Now this is the theory of the Catholic Church. When there is a new-born to be-- God gets busy & makes the soul & tells it - now go in there now. There was no soul before - it was just made at the time when mama & papa got together at some midnite - & it joined a few drops of human water of the two. THAT (they say) is the foundation of the human soul. WELL --- anything that was not there before & only part of the time..CAN NOT BE BORN !

\* ILLUSIONS are sought in the world net. Some say.. "soul is perfect". That is not true.. NO.. Soul is NOT PERFECT - but soul is potentially perfect. It can only be developed - thru experience - by manifesting it-self on the physical plane & on higher planes. Then, coming back into a physical form - innumerable times --BEFORE, we grow into fullness of LIFE ! This is correct. Even the world could not give you satisfaction for your future, if you cannot utilize the experiences you collected in one life or in another life.

So many Americans are in a rush to make a million dollars - to get by hook or crook but get it fast - quick --..life is short. IF YOU KNEW, that what you are doing is going with you YOU WOULDN'T JIP ANYONE..would you please?

What is your hurry - nobody knows where they are going but all are in a hurry to go--right please? And if you go there - you found out that it wasn't the place you wanted. SO WHAT IS THE MEANING OF LIFE ? WHAT ARE YOU WORTH ? WHY.. are you so full of LIFE & pulled into it ? BECAUSE it makes our soul grow & develop ! And this development goes with us ! WHY are you tied to a nasty situation, a nasty wife, a nasty husband, nasty neighbors ?

BY YOUR PUTTING UP WITH IT -- something is realized inside --- growth takes place and THIS GROWTH GOES WITH YOU !

IF you know this --- then, your suffering has wider meaning.

\* Some get caught in the world net.. of ILLUSIONS .

page .. 6Re-incarnation

To put up (knowingly) - you'll solve your todays problems in such a way that it will make your tomorrow better. Let no priest rob you out of this... .. that you remain in the grave there - freezing - until someone will toot the horn. YOU DON'T REMAIN IN THE GRAVE. It is a nasty place to freeze in anyway !

Next is again quoting Henry Ford: "When I discovered re-incarnation, the Universal plan ( that is what it is ) -- that if I die I will come back again with added capacities & start here with the rest. If I believe it - there is a chance for someone else,.. when I come back, .... will give me the same chance to go ahead.. & I will start with that too. My body is not me "!

TIME is no longer reality.. that is why Hindus do not deal with time. Some say that the Hindu religion is up in the clouds - -cocko-land... NO - but he wants to utilize his keenest in time... to build that which goes beyond time,.. and the hands of the clock !

I work hard but I enjoy it & do not by the hands on the clock. I want to do everything well -- or not do it at all !

So many people come, say that I am cold towards them..I'm not.. I just don't believe in doing things half-heartedly; you can't give them PEARLS in 2 minutes time on these big questions... they must be wacky in the 1-st place to ask it. I've no PILLS to give you for answers.."take this pill with warm water & you'll have the understanding in the morning coming up by 3 o'clock. WISDOM..can never be given in capsules or pill form. I discourage anyone who wants to work by the hands on the clock. YOU MUST SEE THRU. Be a thuro-bred not a mongrel. Mongrels may begin but only thuro-breds finish! It takes a long time before a mongrel becomes a thuro-bred. Quote Henry Ford. "I KNEW.. that ORDER & PROGRESS were present in this MYSTERY of LIFE !"

You see children suffer - they have no milk; the deformed child, the mal-formed, the hunch-back, this thing wrong, a crooked spine & you pity. "O God made a mistake.. & the sins of father & grandfather is being visited on him." NO BODY ELSE'S SINS ARE BEING VISITED ON HIM ..... he is reaping what he has sown ! You sow with the wind \_ reap with the whirl-wind. You debauch yourself today.. you do the wrongs today. THEY MUST GO INSIDE OF YOU ---- REMEMBER THAT !

EVERY WEAKNESS IN THE BODY - is a weakness of the character that built it up .. it's not God.. it is not nature to be blamed. And don't blame your grandfather - he is not to be blamed for it. WHY blame your grandfather who you may never have seen? YOU HAVE YOUR OWN PAST ! I'm proving it shortly.

And Mr Ford tells the interviewer... "If you ~~KK~~ pre-sent a record of this conversation...WRITE IT.. SO IT WILL PUT MENS MINDS AT EASE. I would like to communicate to others, the calmness that this long-range view of life gives me." This is mine too, tho my body perishes, I LIVE: That is why I can challenge all the principalities.. it is still my body, but ONLY I CAN DEGRADE MY SOUL ! I ALONE CAN UP-GRADE IT !

We all retain these previous states.. we can recall ~~past~~ bits of past lives. We all know we have weaknesses... a flash of having lived thru a moment in some previous life at a distance. Sometimes, we meet people we have known before.

page .. 7Re-incarnation

These are valuable lessons, experiences, & we retain them when we die. We are enriched by our experiences & that causes growth inside us. HOW can we explain these things to the world? - so much sickness so much misery. So many things that shock us, make us shudder. How could a just God have done this? Do you believe in a just God ? How could a just God give birth to a miserable deformed person? This story was in the newspaper.. that a baby was was with a sack on the outside of the spine, & the Doc. operated & put the sack inside..nerves cut & Doc told the mother that her child would never walk or think. I don't think there is any value to the baby. Now did God make that mistake ? The mother of the babe is frantic.."how could a good God do a thing like this?"

People question . What did I do to deserve this? Why did it happen to me? And why not to other people? It happens to all peoples, but why did it happen to you? You have certain lessons to learn. LEARN HOW you can transform these problems! The Roamn Catholic Church was the main church of christianity at one time. They said... there was no salvation outside the Catholic Church. That the belief of Jesus was not as important as ~~XXXX~~ joining the church. So in this 20-th century, they say, there is no salvation outside the church. Such nonsense is being entertained in this century too.

How do people try to justify why a just God, a wonderful God - makes people suffer? Innocent people suffer? They cooked up a LAW.. the LAW OF TRANS-  
GRESSION... that the sins of the father are visited upon the children for 3-d to 4-th generocation. IS THAT FAIR ?... that the very sins of your soul be visited on you to the 3-d & 4-th generation ?

YOU SOW... YOU REAP - NO ONE HAS TO REAP FOR YOU !

As a man soweth - SO SHALL HE REAP.. our Bible tells us that. Now this law was invented - justified, by Saint Augustine. That is like cutting down the legs to fit the bench in the papal church. Then, they cut the bench to fit the legs.

IF they could change the church.. to fit the TRUTH.... but not change the TRUTH to suit the church. What a nasty way to make slavery to the church!

CHURCH is for you .

If there was no man - then there will be no church. First the man, then the church. Has God stamped on every soul that has come on this earth --- Catholic - Presbyterian - Hindu - Hebrew - Jew - all of these are mans ideas. God didn't make you a Jehovah Witness or a Holly Roller .

Quote: Henry Ford. "When I came to consider the suffering of children & the state of terrible submissiveness, I've no wish what-so-ever to seek the punishment inflicted on him (myself).. after this discribed as eternal damnation.... if we are of necessity condemned - who have left their bodies without receiving the sacrament of Christ."

"Do you think this belief could find sanction among intelligent people in the world .. that they would go to g hell? That things endured in this present life - under their very eyes.. require additional suffering? OPPRESSIONS ? ADDITIONAL SUFFERINGS ?... Torn by pain - weakened in their organs - tortured by hunger - deprived of their senses & sometimes fall into unearthly beings ? ? ?" quote.

I SHOULD HAVE A SOUL ??? HOW CAN THEY PROJECT THIS AS SUCH THINGS ? ? ?

But - 'THEY' are dying without sin ? ? ?

page . . 8Re-incarnation

It cannot be said that the suffering soul is unknown to God. That a God can do nothing against the foul-weather; But now, can operate a LAW under punishment !.. WHEN man can be forgiven ONLY by his magic..simple magic, the punishment of his crimes. HOW RIDICULOUS !That the sacrament can absolve.

NO MAN SUFFERS FOR ANOTHER, for the sins of his father or for any other one. I'm giving you a LAW - an idea: IF ANYTHING CAN BE INHERITED, IT CANNOT BE YO

In my garden there are many trees, avacados, oranges, apricots, plums, lemons, etc.. each one from the same soil draws what it has capacity for !

From the same family, some children are like bricks with the same capacity as the parents. Some are genius, some are down & out. The REASON - is the souls past. You can never draw anything towards you unless you are QUALITATIVELY AFFINITIZED to it! If anything is inherited - the quality to attract is already in the psyche. If anything is YOU, it cannot be extracted.

What becomes of your soul when you go?

You are a distinct personality. I'm not my son or my daughter.

I love them most dearly, but they are both different from me & their mother and both are different from each other. EACH BRINGS ALONG HIS OWN PAST ?!!

Some think that we JUST & WE JUST GO.

Now the presence of genius in the human family proves something. HERE IS A NEW EDITION: to become great scientists, great artists, great philosophers, great thinkers,..is genius personal or does it belong to the family ?

My mother-in-law is a great pianist. One day a disciple, a Colonel in the army (& he knew my mother-in-law a long time) said to her "Mrs. Davis won't you play such & such piece on the piano after dinner?" Ever obliging, a queen every inch, she played & he applauded. "O Mrs. Davis I'd give anything if I could play like you do - you play like a goddess". And she is witty also: "Colonel, just give 8 hours a day for 48 years". GENIUS does NOT belong to the family - I wish my 2 kids had some of her genius... neither one has... it belongs to the soul .

Some work hard day after day, month in & month out, like me. AGES & AGES of EFFORT have made me a TEACHER. Teachers are not made.. they are BORN. Greatest genius is not made: musicians, artists - they are born that way, with the BENT of their being. They can only FEEL WHAT THEY ARE, it is their nature? Like a duck is born with a ducky nature; tho born on dessert, take it near the water & watch the ducky nature rise. Remember that please. You must be born with spiritual equipment inside you -- for no man can make himself spiritual. It is an attainment after many many lives & of many lessons. Jesus knew all these things.

One of my very devoted disciples, Mrs. Pendergast, the wife of a great lawyer in Boston & still is. Remember the COCOANUT GROVE FIRE in which 485 human beings were burnt? Her son was one of them, 22 yrs. old & a sophomore in the University there. Just ten minutes before the fire started, he entered it with his sweetheart & neither one of them came back. After the tragedy - the mother wrote me.."I've taken my loss very cheerfully - such is the force of your understanding". I showed the letter to my wife. I said "that's the way human dignity works". A year afterwards, in my meditation - there appeared before my EYE, the form of this boy,.. that he was coming back again on this earth. Like young souls, shot in the war - they come back soon. I never saw so many pregnancies than in the TIME of war. Young boys are shot, there is nothing to ABSORB of THINGS THEY HAD LEARNED... so they have not gone into higher planes.. to absorb & accumulate. They come back quickly & this boy was the same.

page .. 9

Re-incarnation

So I wrote Mrs. Pendergast: "We learn that your boy RODDY is coming back again - I've seen him on the higher planes." She wrote me back, "I'm too old, over 45, it cannot be". (lots of women think that way). I wrote her back & said "don't question your teacher, I'm no fortune teller - when things are seen from the realm - they are REAL. Your son is coming back to you". And 2 months afterwards I was in Boston. She came & said "You are right, I am pregnant but I am too old". I said "fool woman do you still doubt your teacher?" It was a boy - he is 12 years old now... benefiting from his mistakes from the shock.

An English couple in Detroit, members of the Church of England came. They had never inquired into these deeper thing of life. One day, - (they had a boy about 3 years of age) told his mother "mama I don't like it here, I liked it very much where I came from". Souls are brought here from other worlds, they are much prettier. "I'm going there again". The couple paid no attention: 6 months afterwards the child died, they were prostrated with grief. In 5 years they were blessed with another boy, the identical image of the first one they had lost. And when he was 4 years old, did the same thing -- "mama you cried a whole lot when I left you before, I'm going to stay this time". And this arouses the conservative couple. You have to hit hard an Englishman before he wakes up - when he wakes up he stays awake. So he came to me then, he had heard my lectures with his wife and one day approached me privately & gave me this story. "Could it be that this boy is the same child come back? because he looks like him, talks like him too?" I said to him, come tomorrow morning - when the class will be completed & my powers are at their very best in meditation, I shall look back into the AKASHIC RECORDS. I went inside; same child: that's the way. Some stay longer on these planes.....

There was an Indian Prince (gave name but could not make it out) that came to Chicago at the Worlds Fair in 1933. I happened to be lecturing there at the time & was known in India for my vocational work... educated in America 33 Indian boys at my own expense. This Prince ask If I would be his guest. There were 19 or 21 present: we all sat down & discussed these things, and the Maharaj of Nepal was there too.

In NEPAL - there was a bureau that collected from among others in his Kingdom.. gathering all the data on the people that can remember their past lives or know that they had lived before. And the strangest case of all that he revealed to me himself. There was a four year old child - she had come here fresh from the higher worlds & remembered those things. Children forget them later on as the worldly things grow upon them. They remembered who they were in past lives, remembered some of the events that happened in those days, relatives too. Maharaj said.. that our investigating committee became very curious -- so they took the boy to the city he named. As they came within the area of the village, he jumped out of it & said... "let me out - I know this now, this very street. this is my home where I lived & died". And strange as it may seem to you - his eldest son, 95 yrs. of age, was still living yet.

The greatest gift I think was best -- of Shanti Devi. She was a girl & still alive .. a few months ago & the story was in the paper. She tells her father "you are not my parents, I miss my little boy. I died in such & such a city - I miss my baby boy - I want to see him again". Now what would you do if such a child was born in America? You'd put it in a psychopathic ward .. but Indians are different. We contact PUNDITS --LEARNED MEN - who make a study of these things. We probe the hidden realms of mans' consciousness - ..the DEEPER MINDS.

page 10

Re-incarnation

So they take this girl out after hearing all the details. Among them, how she had hidden money in such a place in her home - had buried it in a certain corner in the house too.. that she had a father-in-law too.. so on & so on - mentioned some events too. They took her to the city (gave the name but I couldn't get it); the moment they landed there - "I know this place now". The very sight of those things aroused her memory & they went into the house. Went to the place where she said she hid money - money gone, been taken out before but verified. She had lived there a year & a son was born. When she came into the room - she rushes towards him & puts her arms around him & sobs & sobs - just like a mother would..with emotions. "Who is this Shanti Devi" the investigators ask, "Who is this?" "That's my baby" Then comes the husband. Husbands in India are held very sacred, the wife too. Very seldom, a Hindu wife would say "hey Henry". You don't hit them there. They would say... "this is Helens papa - something most sacred in their relationships. (in India). Then comes the kindly father-in-law... such beautiful relationships that joins families. Met mother & father too. She ran to the father-in-law.. he said "she was always kind to me.. gracious". Of him she said "he was a real father to me" Then she recognized other members of the family. Dr. siad ..... "ALL THIS IS TRUE"

The first world war Presidents daughter - was a social butterfly; but soon got sick & tired of the social life - her heart ached for the deeper parts of life. One day she walked into the library on 5-th Ave. & 2-nd St. in New York.. it is a famous library & picked up a BOOK written by (from tape, sounded like ) ARBINDO BOSHE... Indias great Philosopher.. he was one of the greatest philosophers in the world. (tape rec. 1959 ) he just died a few years ago & the Indian Parliment had 3 minutes SILENCE when he died in his honor. She said "This man is what I wanted.. he writes like a god!" She went to India & landed in Bobbay--- "I've been here before - I love these people". She was interviewed later, after she had ~~go~~ found her master, many years later.. Arbinda Boshe. She looked happier. " I love America too, but I am at home here". "I found my place, my soul, my peace, my God". Memories came.

Soul changes sex - every 5 to 7 ~~XXXXX~~ incarnations; we change countries too (speaking of his wife:) I sometimes wonder, how could such a relationship go so deep when I did nothing in this life, before I married her, to create them . Yet when I saw her "Ah,,that's the woman". I ask her the next day after we got married "how do you feel sweetheart" ? " It seems to me I've never been away from you".

Great love has been in the making for ages & ages. Don't you worry God - how long it takes to realize a great love . You've lived before .... you've gone thru it... it is NOT a BORROWED EXPERIENCE .

I defy anyone who says - you could build all these things in one short life. This is not only for sex - it is for the countries welfare - for everyone to benefit ! I'll give you some of my own life now. I was shocked when I saw in my married life that women are superior in some ways than men are. My wife has infinitely more patience than I have : many other virtues too. Your mis-fortunes are STEPPING STONES - don't kick at them . CONQUER ALL that comes into your life... they are all for your growth. Strive to like the good things and the so-called bad things, with EQUAL-MINDEDNESS..... EACH & BOTH ARE FOR YOUR GOOD.. to GROW. They are two-parts of the same WHOLE..... they come from God !
