

**TRUTH RAISES SUFFERING and
SUNKEN HUMANITY GOD-WARD**

Mightiest Method of Divine Meditation

EVERY FRIDAY, 8 TO 10 P. M.

"Read, Mark, Learn and Inwardly Digest"

There are three grand periods in the life of man—when he is born, when he dies, and somewhere between the two, when he wakes up to realize what he was born for. After this delightful discovery revealing unto him his divine destiny a conscious painful, struggle for adjustment and emancipation of his mind, and the change of his heart must take place. Victory over the natural man must be realized for growth and entry into the Eternal.

As a Teacher would you allow me to be of permanent service to you by bringing spiritual awakening in your life, and guide you from your not-self to the knowledge of your true self, from unreality to reality, from darkness to light, and from death to immortality?

Permit me to lead you away from the hurry, flurry and worry of individual existence into the calm serene repose of the Being within; from the bitter fruits of your own thots and deeds to the sanctuary, where stings of sorrow enter not, where healing awaits the broken hearts and balm for bruised minds, where the weak renew their strength and the aged their youth, where the downtrodden lift themselves out of moral debris of misspent lives and cast off their "grave-clothes of sin," and acquire an inward sense of serenity and superiority over their surroundings; where Personality Paralyzing Poverty yields to Divine Initiative.

O, let me lead you to the Fountain of Life, within where new springs purge with their bubblings, the bottom of the old pools of your heart, where acid of your soul is washed away and you lower, tarnish or degrade life no more. I do not propose to get you into heaven, but I do insist I can get the heaven into you, and then you will "carry music in your heart, thru dusty lanes and wrangling marts." Either God comes down from Heaven in the form of Saviours to reveal to us His likeness or we must learn, thru the grace of the Saviour, to ascend into the Heaven within us to behold Him there face to face.

"For not in far-off realms of space
The spirit has its throne,
In every heart it findeth place
And waiteth to be known."

Open are the gates of Heaven for you, would you give yourself this opportunity to better yourself at once. For only Pure in Heart shall see Him.

OF PROLONGING LIFE**

Noon Hour Radiant Health Class in

Respiropathy or the Science of Breathing and Glands conducted daily except Saturdays and Sundays from 12 noon to 1. Open to all sincere seekers of vibrant, radiant health, contingent on four weeks regular attendance.

This work is entirely conducted on Love offering basis—the basis of Honor, Morality and Truth. Truth is the original Source of all Cosmic and Personal riches. Without consciously using Truth, there is no growth of human Personality, and Truth always demands one's highest and best. So let each student decide for himself or herself what is his or her best and give in the Spirit of Truth that blesses and elevates the giver, then, and then alone it will bless the Receiver too; otherwise you have no obligations; obligations are only to those who are inwardly awakened to the Presence of the **Moral Order** within and are trying to do the right in order to become integrated with It, so they may become a Unity in Consciousness, and thus behold within themselves the Giver of all gifts. Truth can be honored but never sold. Freely we give and Freely we Receive.

Following troubles especially in their chronic condition can be effectively treated by the Science of Breathing and Corrective Exercises and Selective Diet:

Constipation, Dyspepsia, Headache, Piles, Heart Disease, Neuralgia, Sinus Trouble, Diabetes, Hypertension, Consumption, Obesity, Sterility, Impotence—improvement of circulation, digestion, assimilation and elimination, etc.
