Beloved and Revere Brothers

Your letter and telegram both received. I had written some friends in Imperial Valley for the information you asked for, it is not handy yet, am expecting it during the week and will be forwarded when available. I have never yet lectured in Richmond Va, so there is no information. But I have been for two days in Norfolk Va and was invited by Association For Research and Enlightenment, Virginia Beach Va. It is a beautiful beach town suburb of Norfolk. Please motor there and meet my friends messrs Edgar and Hugh Cayce (Pronounced Kay-See) they will give you the list of names, and mutually you shall both further serve the ends of Truth. They are father and son - genuine lovers of truth and mankind, tell them you are my own brothers and they shall treat you as myself to this capacity. Norfolk Hall, Norfolk Hotel, will be the best location in Norfolk Va. Please do call on my friends there. I hope all way well and good in wishing my sincerest love to you and yours

Love,
Dr. Blagat Singh Shind
